Ontario Tech University, D5720

From moving to a new country eight years ago and living in six different cities, to recently achieving my citizenship, my journey has been filled with unforgettable experiences. Balancing academics, extracurriculars, and a part-time job—all while living far from family—was challenging, but thanks to generous supporters like you, I've recently been able to focus more fully on my education and passions.

Striving for excellence, I've made the President's Honor List throughout my time at Ontario Tech University. Currently, I'm working on a research project in data visualization and aiming to pursue a PhD.

Giving back is also close to my heart. As a student leader, I've launched programs like the Analyst Challenge and the Consulting Case Competition with the Technology Management Students Association. Now, as President of the Business & IT Students Society, I'm focused on helping as many Faculty of Business and Information Technology students as possible attend external conferences and competitions. My goal is to create a lasting impact and show future students what's possible.

Your support has been an incredible gift, allowing me to step away from my part-time job and fully dedicate myself to academics, leadership and community service. I am grateful to donors like you who make it possible for students like me to pursue our dreams while contributing to the world around us.

Thank you for being such an important part of my journey. Wishing you all the happiness this holiday season!

Krupa Shah

Technology Management, Commerce, Class of 2025

Our warmest season's greetings
and best wishes for a happy new year!
